PROFESSIONAL EXPERIENCE

Intelogix Philippines | 11 November 2024 - 20 March 2026

- Managed 150+ customer accounts per day and handled approximately 300 inbound and outbound calls daily in a high-volume financial account environment.
- Monitored account activity, overdue balances and payment status, completing timely follow-ups and accurately documenting customer interactions.
- Responded to enquiries regarding payments, account status and services while maintaining confidentiality and professional communication.
- Prepared account activity and financial performance reports to support monitoring, documentation and management review.
- Supported colleagues as a Subject Matter Expert (SME), handling support calls and providing process guidance and account assistance.
- Followed company policies and regulatory requirements when handling sensitive financial and customer information.

Debt Collection Specialist

Altair Global Solutions | 3 January 2023 – 8 November 2024

- Managed customer accounts and conducted inbound and outbound collection communications to secure payment commitments and resolve account concerns.
- Consistently worked towards monthly collection targets, achieving approximately 98% of target performance.
- Reviewed account records, addressed billing disputes and explained balances and repayment arrangements clearly to customers.
- Documented customer interactions, commitments and account updates accurately while following established compliance requirements.

Outbound Collection Specialist

Transworld System Customer Service Phil. LLC | 15 March 2022 – 3 January 2023

- Conducted high-volume outbound collection calls and maintained accurate records of customer conversations, commitments and outcomes.
- Provided clear information about account balances, payment options and repayment arrangements.
- Updated account records and completed follow-up activities while maintaining professionalism and adherence to required procedures.
- Worked in a target-driven environment with a strong focus on account resolution, documentation accuracy and compliance.
